We engaged with a group of boys in the park and their parent they were interested in what might be on offer over the summer, we mentioned Crazy golf and they all said they would be interested. The park was very relaxed and no sign of any problems or litter. We walked the village to the beach and engaged with a group of boys on the beach, they were having a nice time and no rubbish in the area, we mentioned possible summer activities they said they might join in depending on what the weather was like at the time. Two young women had a conversation with us and again we mentioned possible summer activities and they said they would be interested.

We also engaged with other residents of Portreath, and they were very pleased something was being done to engage the young people.

We had planned to visit the Atlantic café and the Portreath arms but both businesses were very busy, we will follow this up on our next visit.
