

Cllr Cliff Crawford Report:

10<sup>th</sup> March CHIP teams meeting deciding budgets for local projects

12<sup>th</sup> March Pensions committee at County Hall

18<sup>th</sup> March Illogan Parish Meeting

19<sup>th</sup> March Carn Brea Parish meeting

22<sup>nd</sup> March Reform councillors meeting

30<sup>th</sup> March West sub planning meeting

1 item that concerns our area was the conversion plans for the chapel on Illogan highway, I feel Cllr Desmond made a good argument for reasons to reject the considered plans and I also voted against it, although none of us want to see this lovely building fall into disrepair I have serious concerns over the safety issues around the crossing on a busy main road, unfortunately the vote went in favor of the application.

Myself and Tara O'Donnel had a meeting with Cllr James Ball to discuss the procedures and pitfalls of setting up a youth club, James had been very successful with what he has done in Camborne and has offered to share information with us as to funding and who to work with, both Tara and myself feel we all need to all do what we can to engage the youth in the area and build a good relationship across the generations, it takes time to get something like this up and running but hopefully with the help from James we can get the right support
