

Youth Engagement

No updates. Still hoping to recruit a PIC member.

Community Junior Netball

Netball has just had a 2-week break, due to the Easter Holidays. We have 2 weeks of netball left.

We have had a reduction in attendance, which we have tried to increase by using the waiting list. We ran a second advertisement, however, the young people we signed up, didn't attend.

We hope that we are now back up to 30 YP for the final 2 weeks.

Exciting news – Having reported that Active Cornwall would like to take this project forward from Easter 2024 to Easter 2025, communication has ceased. I have tried to make contact several times, but we have not heard from them. It was hoped that the sessions would continue at Pool Academy, however their facilities were not available. The volunteers have found availability at Cornwall School of Science, and it is hoped that Active Cornwall will book this for the year. Watch this Space!

The volunteers have now created a Community Junior Netball Committee, which is a fantastic outcome for the project.

Dog Fouling

Due to current parish council capacity, this project hasn't any updates. If you are interested in volunteering and assisting with this project, please contact Vicki Webb – vickiwebb.ppc@gmail.com

Warm Welcome Portreath – Community Catch Ups

We have a rota until June 2024. The catch ups vary in attendance, but we have seen a decline.

Our March Speaker was cancelled, due to unforeseen circumstances. At this session, attendees were asked their thoughts on the cancellation of the group, due to lack of attendance.

Proposal – Cllr Tull and Cllr Webb have discussed stopping these sessions and reviewing them again in September. The numbers have made a steady decline, due to the ill health of some regular attendees. Cllr Tull will also be away from May.

Guest Speakers:

16th May – We welcome, RAF Portreath

Police Liaison Group (PLG) - Next meeting booked: Tuesday 30th April @ 10am
