Camborne NPT have been working incredibly hard remanding several prolific offenders over the last few months. On Friday, another prolific offender, XXXXX XXXXXX, from the Illogan area was given a 12 month custodial sentence, no crimes were directly linked to any business in the Portreath area, however they did affect the wider area of Illogan and Pool.

ASB Portreath Beach-

I have been informed that there have been issues over the weekend with large groups of youths gathering on the beach, drinking, shouting, swearing and participation in general antisocial behaviour. There is also a local concern regarding vapes which have been laced with other substances such as THC & Spice. There have already been a few medical episodes in association of these illegal vape use. As such, Portreath Beach has been listed as a priority 'hot spot' patrol area for the local policing team and information has been passed to the RNLI to distribute amongst their lifeguarding teams.
