PORTREATH PARISH COUNCIL

Safeguarding Policy

Adopted 15th May 2023

What is Safeguarding?

Safeguarding is about protecting children, young people and adults from abuse and neglect. Everyone has a right to live their lives free from violence, fear and abuse and achieving this is not solely the responsibility of social workers, health professionals or the police; it is everybody's responsibility. We must ensure that we are doing all we can to protect the most vulnerable members of our society.

Introduction

Portreath Parish Council makes positive contribution to a strong and safe community and recognises the right of every individual to stay safe.

Portreath Parish Council comes into contact with children and adults through the following activities:

- Council meetings
- Youth sessions
- Warm Welcome / Community catch up sessions
- Campaigns ran with school engagement
- Delivery of services such as litter picking, maintenance work and toilet cleaning
- General contact

This policy seeks to ensure that Portreath Parish Council undertakes its responsibility with regard to the protection of children and adults and will respond to concerns appropriately. The policy establishes the framework to support members of staff, councillors, contractors and volunteers in their practices and clarifies the Council's expectations.

Safeguarding is about embedding practices throughout the Council to ensure the protection of children and adults wherever possible. In contrast, child and adult protection is about responding to circumstances that arise.

Abuse is a selfish act of oppression and injustice, exploitation, and manipulation of power by those in a position of authority. This can be caused by those inflicting harm or those who fail to act to prevent harm. Abuse can take a number of forms including:

- Physical
- Sexual
- Emotional
- Bullying
- Neglect
- Financial (or material)

Definitions
